**Important Note:**

This is a 'repeat' course last presented on April 10, 2015. You may only use the same course credits once in a license renewal cycle. For example, if your license renewal is from April 10, 2015 and due April 10, 2019, and you attended and received credit for the April 10, 2015 course, you would be ineligible to receive CE credit from the January 25, 2019 course. Again, you cannot earn the same CE course credit a second time in the same licensing period.
